FOR IMMEDIATE RELEASE

SEPT 2016

Santa Rosa, CA.

## New 6 and 8 Channel Pyroelectric and Thermopile Detectors

Micro-Hybrid has introduced a new high density package that can house up to 6 pyroelectric detectors and 8 thermopile detectors. Now you can monitor more gases with the same detector. You get the same high detectivity (high sensitivity and low noise) standard with all Micro-Hybrid detectors, just more channels for your NDIR applications.

Micro-Hybrid's NDIR pyroelectric, thermopile and IR Source products are distributed in North America by:
